WHY Rayacademy IAS !

Considering the result of UPSC CSE of the last 05 years, the success rate of candidates from the state of Odisha comparing to other states is less than 0.67%. The numbers are not encouraging. Odisha is filled with capabilities, which if tapped in a sustainable and efficient manner, will deliver the never anticipated outcomes.

It is encouraging to see that professional training has been deemed as extremely important in recent times to prepare our youth not only for cracking competitive examinations of different kinds but also for inculcating in them professional and employable skills. RAYACADEMY envisages to train the youth who could act as change agents for transforming our Odisha state in social, economic and public administration fronts.

Letter of Appreciation from IAS officers

Samir Kumar Jena, IAS

Today's students' interaction programme with Rayacademy was really good. What I felt from the interaction was most of the students were very enthusiastic with respect to their preparation and they were asking very relevant question related to UPSC preparation like mains answer writing strategy, important points of notemaking, changeal strategy needed to tackle changing pattern of UPSC preparation. I hope all of them will shine with flying colours in UPSC/OPSC examination.

Also I would like to thank Sankar Sir for his dedication shown in guiding the students in their UPSC/OPSC journey and I am pretty sure his dream of "INSPIRE 100" will be true with the help of these dedicated aspirants.

All the best to everyone.....

Soumya Ranjan Pradhan, IAS

on
RAYACADEMY'S

The academy provided an apt platform to interact with aspirants having immense interest to be in Civil services. The questions asked from diverse aspects reflected the genuine concerns a student comes across while preparing.

The strategy prepared by Shankar Sir to have regular tests covering both the stages of Prelims and Mains is a step in the right direction to improve answers and consistency in preparation.

Wishing all the best to the students and expecting them to achieve their dreams with flying colours.
